SUMMARY

React Native Developer with 3+ years of experience in building cross-platform mobile apps for iOS and Android. Proficient in JavaScript, React Native, Redux, and API integration. Skilled in optimizing app performance, debugging, and ensuring a seamless user experience. Strong team player with a solid grasp of Agile methodologies. Passionate about clean code and staying current with industry trends.

SKILLS

- HTML, CSS, JavaScript (ES6+)
- React Native
- Redux, TypeScript
- API Integration (RESTful APIs, third-party services)
- Payment Gateway Integration (e.g., Razorpay, CC avenue)
- Google Cloud Platform (Firebase)
- Debugging & Performance Optimization
- Git, GitHub, Bitbucket
- Visual Studio Code, Android Studio, Xcode
- Windows, macOS

WORK EXPERIENCE

- Codetown Technologies, Udaipur - React Native Developer**
Oct 2024 - Jan 2025
- Codeal Infoway, Rajkot - Sr. React Native Developer**
Sep 2021 - Oct 2024

PROJECTS

Bharat Carbon (BC App & BC CEO App)

- Framework: React Native
- Tech Stack: JavaScript (ES6+), Redux Toolkit, SVG, REST APIs
- Key Contributions:
 - Designed UI for Login, OTP, Profile Creation, and Appliances screens.
 - Added bar charts and speedometer charts using SVG images.
 - Integrated APIs throughout the app using Redux Toolkit for state management.
 - Implemented push notifications via Firebase to keep users updated with important alerts.
 - Designed admin-specific features for real-time business analytics and appliance management in the BC CEO App.
- Play store link: <https://play.google.com/store/apps/details?id=com.mybharatcarbon.icc&hl=en>
- App Store Link: <https://apps.apple.com/in/app/my-bharat-carbon/id6740389716>

-
- **GlobalLink :**
 - Framework: React Native
 - Tech Stack: JavaScript (ES6+), Redux Toolkit, REST APIs
 - Key Contributions:
 - Created UI for list and form pages.
 - Implemented currency conversion to USD.
 - Integrated APIs with Redux Toolkit for state management.
 - **Otters Club:**
 - Framework: React Native
 - Tech Stack: JavaScript (ES6+), TypeScript, Redux, REST APIs, Firebase, Razorpay
 - Key Contributions:
 - Integrated REST APIs for ticket booking and Razorpay for secure payment transactions.
 - Developed Share functionality to boost user engagement and app reach.
 - Designed responsive UI components for a seamless user experience.
 - Implemented YouTube video streaming and gallery functionality with zoom.
 - Added camera and file selection features to enhance app usability.
 - Integrated push notifications for updates and reminders.
 - Created QR Code generator and scanner functionalities for user and admin apps.
 - Built real-time member counter functionality for live tracking.
 - Play store link: <https://play.google.com/store/apps/details?id=com.ottersclub.club&hl=en>
 - App store link: <https://apps.apple.com/in/app/otters-club/id1168907831>
 - **JVPG Club:**
 - Framework: React Native
 - Tech Stack: JavaScript (ES6+), TypeScript, Redux, REST APIs, Firebase, CCAvenue, HDFC Payment Gateways
 - Key Contributions:
 - Integrated REST APIs for ticket booking and secure payment gateways (CCAVenue, HDFC).
 - Developed Share functionality to enhance user engagement and content sharing.
 - Designed responsive and intuitive UI components for an improved user experience.
 - Implemented YouTube video streaming and gallery functionality with image zoom.
 - Added camera and file selection features for better app usability.
 - Integrated calendar picker for seamless date selection.
 - Enabled PDF viewing within the app for document accessibility.
 - Implemented push notifications for updates and reminders.
 - Optimized app performance by reducing load times and enhancing responsiveness.
 - Ensured secure payment transactions and smooth booking experience for users.
 - Play store link: <https://play.google.com/store/apps/details?id=app.rint.jvpgclub&hl=en>
 - App store link: <https://apps.apple.com/in/app/jvpg-club/id1038878542>

-
- **Zest Club:**
 - Framework: React Native
 - Tech Stack: JavaScript (ES6+), TypeScript, Redux, REST APIs, Firebase, CCAvenue, HDFC Payment Gateways
 - Key Contributions:
 - Integrated REST APIs for ticket booking and secure payment gateways (CCAVENUE, HDFC).
 - Developed Share functionality for enhanced user engagement.
 - Designed responsive UI components for a visually appealing user experience.
 - Implemented YouTube video streaming and gallery functionality with image zoom.
 - Added camera and file selection features for improved usability.
 - Integrated calendar picker for streamlined date selection.
 - Enabled PDF viewing and downloading directly within the app.
 - Added Auto Read functionality for automated content processing.
 - Developed edit functionality to allow users to modify inputs within the app.
 - Implemented push notifications for updates and reminders.
 - Incorporated WebView for displaying web content seamlessly in-app.
 - Play store link: <https://play.google.com/store/apps/details?id=com.zestclub&hl=en>
 - App store link: <https://apps.apple.com/in/app/zest-club/id6478282546>
 - **Sangit Kala Kendra:**
 - Framework: React Native
 - Tech Stack: JavaScript (ES6+), TypeScript, Redux, REST APIs, Firebase, CCAvenue, HDFC Payment Gateways
 - Key Contributions:
 - Integrated REST APIs for ticket booking and secure payment gateways (CCAVENUE, HDFC).
 - Developed Share functionality for improved content sharing and user engagement.
 - Designed intuitive and responsive UI components for a seamless user experience.
 - Implemented YouTube video streaming and gallery functionality with image zoom.
 - Added camera and file selection features for enhanced usability and interaction.
 - Integrated calendar picker for simplified date selection.
 - Enabled PDF viewing and downloading capabilities directly within the app.
 - Developed Auto Read functionality for automated content processing.
 - Added edit functionality to allow users to modify app inputs and content.
 - Integrated push notifications to keep users updated with reminders and alerts.
 - Incorporated WebView for seamless in-app web content rendering.
